### **DETAILED ACTION**

Receipt is acknowledged of the Applicant's Arguments and Remarks, Amended Specification, and Amended Figure filed on 9/9/2005.

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Karen Klumas on 11/4/2005.

The application has been amended as follows:

1. Claims 12-13 have been cancelled.

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The prior art does not teach or fairly suggest a method for treating hair comprising the following:

- (1) contacting hair with a hair treatment agent which is activated by heat,
- (2) covering said hair with a covering comprising either a woven or non-woven

Art Unit: 1615

fabric impregnated or coated with a mutable dye,

(3) applying heat to said hair covering to change a color and,

(4) causing the hair covering to change color indicating that said hair treatment agent in said hair has been activated by said heat.

It should be noted that the closest prior art appears to be 2002/0110583 ('583). '583 teach a hair covering composition comprising heat-activated conditioners that can be transferred to a person's hair (paragraph 0007 and 0011). The conditioner can be heat-activated by a blow dryer (paragraph 0011). However, '583 does not teach or fairly suggest a method of treating hair with a mutable dye. Additionally, '583 does not teach or fairly suggest applying heat to a covering and causing said covering to change color, thereby indicating that a hair treatment agent has been activated by said heat.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

## **CONCLUSION**

1. Claims 2-11, 14-21 are allowed.
